

USCGA Hosts 2018 Service Academy Students Mathematics Conference

On April 11th and 12th, the U.S. Coast Guard Academy Mathematics Department will host the 2018 Service Academy Students Mathematics Conference (SASMC).

Each year, the SASMC is hosted by one of the four United States service academies: West Point (U.S. Army); the U.S. Naval Academy; the U.S. Air Force Academy; or the U.S. Coast Guard Academy. The conference consists of numerous keynote speakers, as well as presentations from cadets and midshipmen. This year, presenters will discuss their capstone and research projects.

Presentations are attended by peers in all service areas, allowing for intellectual growth and exchange.

Cadet and midshipmen presentations will take place at Satterlee Hall beginning at 0800 on Thursday, April 12th.

For questions, concerns, or more information, please contact Ms. Catherine Klementovicz at: Catherine.J.Klementovicz@uscga.edu or (860) 701-6152
